## AMICABLE SETTLEMENT

### England and Russia Meet Half Way

### INCIDENT IS NOW CLOSED

Russia admits Error of Judgment and England Admits Russia's Right to Search Malacca.

Lond., July 22.—A Paris despatch says the France has intervened discreetly between England and Russia, with the result that the difficulty between the two countries arising from the seizure of the steamer Malacca has been satisfactorily arranged.

From another source it is learned that England has acknowledged Russia's right to search the Malacca, but gave Russia the formal assurance that the steamer's cargo consisted of English government property.

Russia admits that the seizure was an error of judgment and will pay the steamer company an indemnity. The statistics of the venture are not yet defined.

### JAPANESE WITHDRAW.

Chefoo sports Hard Fight Between Liao Yang and Mukden.

Rome, July 22.—A Chinese telegram states that in an action between General Kuroki's advance guard and a force of Russian half way between Liao Yang and Mukden the Japanese, a hard fight, were forced to withdraw.

The Russian casualties are not known. The Japanese lost two killed and eleven wounded.

### TORREDOED BRITISH VESSEL.

Russian Commander Says He Did So Accidentally.

Tien Tsin, July 22.—A Newchwang despatch states that a commander of a Russian torpedo boat reports that he accidentally torpedoed a British steamer in Pechin Gulf. The vessel is believed to be the Hipsang.

### HE CHEWED GUM.

Ohio Murderer Marched Coolly from Cell to Chair.

Columbus, Ohio, July 22.—Charles Stimmel, who murdered Joseph Shide in Dayton in 1902, was electrocuted just after midnight. Stimmel marched from his cell to the chair chewing gum.

### World Famous Actor Dead.

Lond., July 22.—Wilson Barrett, a world famous actor and dramatist, is dead. He underwent an operation for cancer Wednesday.

### Bachelor's Button Took Cake.

Liverpool, July 22.—S. B. Joel's Bachelor's Button won the Liverpool cup of 1200 sovereigns today.

### NATIVE OF WAITSFIELD.

J. M. Joslyn Died in Morrisville Aged 69 Years.

Morrisville, July 21.—J. Munroe Joslyn, one of Morrisville's old and respected citizens, died at eleven o'clock last night at his home on Main street at the age of 69 years.

There will be prayer at the house Friday at 10 o'clock and the funeral will be held in Waitsfield Saturday, where the burial will take place.

Mr. Joslyn was a native of Waitsfield and came to this town 34 years ago, engaging at first in the hotel business. He was for several years the landlord of the old Morrisville house, which stood on the site of the present Randall hotel.

Mr. Joslyn is survived by a wife and two brothers, Wilbur and Cassius of Waitsfield, and one sister, Mrs. Marcella Dumas of Waterbury.

### MYSTERIOUS DISAPPEARANCE.

Charles G. Johnson of Burlington Went Away Tuesday.

Burlington, July 21.—The disappearance of Charles G. Johnson, proprietor of the City restaurant on Church street, is causing much anxiety to his wife.

So far as is known Johnson was last seen Tuesday afternoon on an electric car bound for Queen City Park. He left no word as to where he was going.

Johnson for eight years up to about two months ago had been employed by Mrs. William Wells as coachman, and his fidelity to duty and general trustworthiness were never questioned. While he owed debts contracted in his restaurant business, his creditors were not pressing him, as his intention and eventual ability to pay were believed in.

### MUST PROVIDE FIRE ESCAPES.

Rutland Fire Marshal Notifies 20 Property Owners.

Rutland, July 22.—Fire Marshal James C. Dunn this morning notified twenty-nine property owners that they must build fire escapes within 60 days or action will be taken. The number includes the school commissioners who must provide escapes for the school houses. Many public and business blocks are fire-traps.

## LARGE TRANSACTION IN TIMBER LAND

Rockefeller Interests Are To Purchase 123,000 Acres in Vermont  
—Price \$1,500,000.

Brattleboro, July 21.—The largest sale of timber lands ever made in Vermont is now being completed in New York city, whereby 123,000 acres of forests, mostly spruce in the towns of Danby, Mt. Tabor, Peru, Winhall, Manchester, Glensbury, Searsburg, Stratton, Somerset and Wilmington, will be transferred to a syndicate for a sum approximately \$1,500,000.

The sale will include the Hoosac Tunnel and Wilmington railroad, the mountain mill and other properties of the Newtons of Holyoke in Wilmington. It is understood to be the plan of the purchasers to extend the railroad 16 miles into the forests and to make it broad gauge. The options on the land have been taken out by Fremont H. Wright of Auburndale, Mass., but it is understood that the backing comes from the Rockefeller interests.

The sale will include the 50,000 acres of the Silas H. Griffith estate in Mt. Tabor, Danby, Peru, Winhall and Stratton; 13,000 acres of the Battenkill Lumber company of Manchester; 7,500 acres of the B. S. Gallup Lumber company in Winhall and Stratton; 9,500 acres of W. W. Peck & Son in Somerset; the large tract of Tudor & Son of Somerset and many small holdings.

Lawyer Kellis of Malone, N. Y., has been active in completing the deal. It is probable that many small mills will be closed and that the syndicate will centralize large lumber and pulp mills. Only a limited amount of lumber will be cut each year, but a very extensive business will be carried on.

### Escaped From Burning Vessel.

Wood's Hole, Mass., July 22.—Captain Kennedy of the British ship Creedmoor and crew have landed here, having escaped from their vessel, which was burned off Fire Island. The captain and men left at once for New York where the Creedmoor sailed July 20. The Creedmoor was off London and bound for Liverpool. She was owned at Yarmouth, N. S. It is thought she was the vessel seen burning by Captain Dow of the Cunard steamer Aurania. The Creedmoor was built at Gardner's creek, N. B., in 1884. She was 214.4 feet long, 40.2 feet beam and 24 feet deep. Her register was 1,396 tons.

### Sheehan Bears Tammany Olive Branch.

Esopus, N. Y., July 22.—William F. Sheehan is expected at Atwood and soon afterward probably will seek Judge Parker at Rosemount. It is believed that Mr. Sheehan brings to Judge Parker the first definite information as to what will be Tammany's attitude in the campaign. It is said Mr. Sheehan saw a number of the Tammany leaders in New York and has much to tell Judge Parker concerning the relations between the candidate and the New York organization and that the news will give great satisfaction at Rosemount.

### Chicago's Growth.

Chicago, July 22.—The new city directory for Chicago has been given to the public. Based on the number of names it gives Chicago a population for 1904 of 2,241,000. The directory of 1903 gave Chicago an estimated population of 2,231,000. The new directory contains 657,000 names, an increase of 3,000 over the directory of 1903.

### French and Telephones.

French is more easily understood over the telephone than English. In telephoning between Paris and London during a storm conversation in English is impossible, but French is easily understood, because it has so many similar sounds and unaccented syllables.

### Bullets in Battle.

It is estimated that less than one in 1,000 of the rifle bullets fired in a modern battle hits anybody, and if one is hit the chance is but one in five that the wound will be fatal.

### Smokeless Powder Gas.

Smokeless powder emits a most deadly gas which, if confined, works havoc. When used in the open field or batiments there is usually enough wind blowing to carry away the fumes, but when fired from turrets on board ship the gases are liable to be blown back into the compartment.

### Voted For an Idiot.

At Brattleboro, near Cassel, an elector was fined \$10 for deliberately giving his vote at the last landing election to an imbecile fellow citizen to show his contempt for the proceedings.

### The Traveler's Tree.

The traveler's tree of Madagascar resembles a huge fan with an unwieldy handle. In the dry season the traveler or domed native has but to pierce one of these trees just at the point where the fanlike crest has its beginning and out will flow copiously pure fresh water.

### Prunes.

A good prune should have a tough, shiny and elastic skin. Prunes with broken skins must have been overripe or rotten before they were dried.

### Domestic Cigars.

If our annual output of domestic cigars were to be made into one long cigar of the usual diameter there would be produced a "cigar" that would go eighteen times around the world at the equator.

## THEIR PLACES WERE FILLED

### So Chicago Beef Strike Is On Again

### ALL EXCEPT FOREMEN OUT

When Men Went Back This Morning They Found Non-Unionists In Most Of Their Places.

Chicago, July 22.—When the butchers went to work this morning at the packing plants and discovered that a majority of their places were filled by non-unionists, all except the foremen walked out and declared the strike on again as far as the butchers were concerned.

A statement relative to the strike settlement was issued yesterday carrying the signatures of the packers who signed the peace memorandum. The statement declares:

"In the agreement made last night the packers received the privilege of retaining in their employ all the employees that were hired while the strike lasted.

"The privilege of arbitration within the time limit of 55 days covers the question of discrimination and in no way intended to guarantee to the striking employees that they will be taken back and given the places now filled by non-union help."

President Donnelly, the leader of the butchers' workmen, has sent a new general strike order to the Amalgamated Meat Cutters and Butcher's Workmen's unions in eleven other cities. Donnelly declares that the order will be upheld by the American Federation of Labor.

The men claim their employers violated their agreement because work was offered only to a small proportion of the strikers. Donnelly has already started negotiations with the affiliated trades looking to a general strike.

### STRIKE AT ST. PAUL.

Men Walked Out at Swift & Co.'s Plant This Morning.

St. Paul, July 22.—At 10 o'clock this forenoon the men walked out at Swift & Co.'s South St. Paul plant. There was no disorder.

### \$20,000 FIRE.

The Union Block at Castleton Totally Destroyed.

Castleton, July 21.—A fire broke out in Armstrong's drug store in the Union block on Main street, opposite the Boscawen house, about 1 o'clock this morning and spread rapidly. At one time a whole line of buildings was threatened and a call was sent to Rutland for a steamer. Several buildings caught fire, but the fire was checked and help from Rutland was not needed.

The Union block is a complete ruin. The loss is about \$20,000. The concerns burned out are E. J. Armstrong, drug store; Beach & Lee, dry goods; John I. Fennell, meat market and grocery store; Charles Ryan, bakery; an Italian shoe shop, Masson's hall, Lee Lodge, Grange hall, where the G. A. R. and Relief corps meet.

The brick wall on the east side of the burned block fell on the house of W. S. Preston, adjoining, going through to the cellar and causing a loss estimated at \$1,000.

### WENT AWAY WITHOUT LEAVE.

Member of Rutland Fire Department Suspended.

Rutland, July 21.—J. Bart Maranville, a permanent member of the local fire department, has been suspended for insubordination.

The trouble all arose when Maranville decided on July 8, or thereabouts, to go on his vacation. He made application to Chief George W. Dunton for permission to be away from duty for two weeks. Chief Dunton did not feel that the interests of the department would permit a permanent man to go away and a green man to be substituted at that time, so he denied the application.

Maranville, it is understood, said that he did not care whether the chief ordered him to remain or not. He would go on his vacation, whatever the chief said. So he went and Chief Dunton, when Maranville did not report for duty the next day, put George McGuirk, a call man, in his place. McGuirk is still on duty.

### AFTER LONG CHASE.

Carrie Foster, Woman Wanted in Rutland, Run Down.

Rutland, July 22.—The police received word this morning that Carrie Foster, who stole a horse and carriage June 27 from Iveryman John Darwin of this city, has been arrested in Ogdensburg after a long chase. The carriage and harness were recovered, but the horse was sold to a spy and probably will never be found.

### More Orders for Bethel Granite.

Bethel, July 22.—The Woodbury Granite company has just secured the contract for Bethel granite to be used in the construction of a public building to be erected at Providence, R. I., to be known as "The Ann Mary Memorial." The price is about \$40,000 and it is to be completed by January 1, 1904.

## DEFEATED BY CUBANS

### Barre-Montpelier Got One Run, Cubans Five

### RUTLAND GOES UP AGAIN

Defeated Plattsburg Yesterday—Burlington Won From St. Albans In Good Game.

The famous Cuban X Giants met the Barre-Montpelier league team for the first time at the intercity park yesterday afternoon in an exhibition game and carried off the victory with a broad grin on their faces, the final score being 5 to 1. The darkies were corks with the stick and found Hoar of the Rutland league team, who pitched for the locals, easy meat. They pounded out six two baggers and seven singles and only three dunks ones fanned the air.

Six hits were made off Buckner, the colored twirler, and his strike outs were four. The attendance was the smallest that has been seen at the grounds this year. Apperions, who is a Southerner, did not play, and Poland took his position at left field and Crapo of Montpelier played Poland's position at right field. This change was a damper to the team's fielding work. The local's only score was made in the first inning.

Poland flied to the left fielder who muffed it. Stewart flied out to Buckner. Nash singled and Poland scored from second. Morgan flied out and Nash was caught at second. The Giants scored twice in the second and fifth innings and once in the seventh. Jordan was the star hitter for the visitors, making two doubles and a single. Burke for the locals was credited with a two bagger and a single.

The darkies are clever ball players and exceptionally good runners. Several times they beat out bunts and grounders to short that made it look like very slow fielding work.

The score by innings:  
B-M 1 0 0 0 0 0 0 0 1  
X Giants 0 2 0 0 2 0 1 0 5

### UMPIRE SHEA DISCHARGED.

Plattsburg and St. Albans Made Written Protest.

Umpire Shea has been discharged on the written protest of Plattsburg and St. Albans. In yesterday's St. Albans-Burlington game a player from each team objected as umpire and the result was far from satisfactory. "Doc" Lawson, the Burlington player, roasting the St. Albans team. Manager Thompson of St. Albans will probably protest the game.

Of Shea's discharge the Burlington Free Press says: "No printed accounts criticizing Mr. Shea's umpiring have been noted, and his discharge comes as a distinct surprise. He showed himself a thoroughly competent and impartial official in all games over which he umpired in this section, and it is believed that it will be impossible to better the Northern

### SEEK J. EDWARD WALSH.

Officers On Both Sides of Connecticut River After Him.

Lebanon, N. H., July 20.—Officers on both sides of the Connecticut river are looking for J. Edward Walsh, for whom a warrant has been issued. Walsh is a bartender in J. E. Lynch's saloon in West Lebanon. It is charged that he assaulted Henry Lanetot, an employe of Putnam's stable here.

The story is that Lanetot was ordered out of the saloon last night by Walsh, and not going at once, was assaulted. It is alleged his face was severely kicked, he has two black eyes, a broken nose, three teeth knocked out, a rib broken, various bruises all over, and marks on the throat indicating an effort to choke him.

The man's groans led to his discovery in a shed at the rear of the John Good company store. He lay behind a wagon, his head doubled under his body. Lanetot was taken to the lockup and after Dr. Milton S. Woodman had seen him he was taken to Sargent's hotel, and this morning to the Mary Hitchcock hospital at Hanover.

The doctors say it is a wonder Lanetot is not dead. He came here a short time ago from Springfield, Me.

## CLOSE CALL IN RUNAWAY

### One Horse Injured and Shot, Another Lost Eye

### BOY HAD NARROW ESCAPE

Richard A. Hoar's Automobile Caused Consternation Among Equines Yesterday Afternoon.

One horse broke its leg and had to be killed, another smashed in its skull putting out one eye and is not expected to live and a boy miraculously escaped being killed as the result of the worst runaway that has occurred in this city for a long time. The horses belonged to H. C. Leonard of South Barre and they were frightened by R. A. Hoar's automobile, in which were Mr. Hoar, Mr. and Mrs. Hart of Boston and Mrs. M. J. McGowan at Jockey Hollow shortly after 4 o'clock yesterday afternoon.

Bert Wallace who works for Mr. Leonard, was driving the team hitched to a stone wagon and as the auto met them the horses shied out of the road and started at a breakneck pace toward this city. They ran through A. Joslin's dooryard and Mr. Joslin, who was sitting in a chair in the yard, had a narrow escape from being run over as the chair which he hastily left was smashed into kindling wood. The horses in their mad flight, ran into a tree where they freed themselves.

Thus freed from the wagon the animals separated and one turned into William McGee's stone shed yard above the South Main street bridge, where it ran its head against a stone on the railroad trestle bank. The other animal got tangled up in the trailing fragments of the harness and fell breaking one hind leg.

William Carroll and his little boy, aged 10 years, were driving in a single team toward this city and their horse became frightened at the runaways just above the South Main street hill. The carriage struck a rock at the top of the hill, throwing Mr. Carroll out but the boy remained in the wagon until it struck Sumner Newcomb's team which was standing in front of Henry McNeil's blacksmith shop. In the collision the boy was thrown into the air on top of Mr. Newcomb's buggy and then off to the ground. The fact that the boy was not seriously injured is due to his falling on the buggy top.

Mr. Carroll's horse was caught in front of McGowan's store by Paul Hill. Mr. Carroll had one arm badly wrenched but otherwise was not injured. Mr. Leonard's horses were a valuable pair of bays, weighing about 1,500 each. The one that was killed was valued at \$200. Both were young horses. The driver, Mr. Wallace, was thrown off at the start and escaped injury.

### Made a Flat Run.

Fred Clayton's pair of work horses made a lively run from L. A. Averill's new barn on South Main street this afternoon to the French lot at the corner of Elm street, where they ran into a tree and were stopped.
